

## HCL Domino 14.5

Apps that Run Your Business

## HCLDomino

Domino is your secure, sovereign, AI-ready platform for building and running business-critical apps, mail, chat, and meetings. Trusted for decades, Domino continues to evolve with AI automation through Domino IQ, low-code development through Leap, mobile and web access through Nomad, and modern, compliant collaboration through the latest Sametime 12.0.3 release. As part of the Domino+ suite, it is the all-in-one foundation for organizations that demand productivity, compliance, and control.

### Key Highlights:

- Leverage Domino IQ to summarize, translate, and automate, using your data on a platform you control, even if it's air gapped.
- Enterprise-grade protections help you meet evolving information security standards with confidence.
- Run apps, mail, chat, and meetings on infrastructure you own. Gain digital independence while supporting regional compliance needs.
- Broader user adoption with new UI updates across all web-based clients to comply with the European Accessibility Act.
- Enable document co-editing using Office Productivity tools such as Collabora to enrich applications and foster greater collaboration.

### About HCLSoftware

HCLSoftware is a global leader in software innovation, dedicated to powering the Digital+ Economy. We develop, market, sell, and support transformative solutions across business and industry, intelligent operations, total experience, data and analytics, and cybersecurity. Built on a rich heritage of pioneering spirit and unwavering commitment to customer success, we deliver best-in-class software products that empower organizations to achieve their goals. Our core values of integrity, inclusion, value creation, people centricity, and social responsibility guide everything we do. HCLSoftware serves more than 20,000 organizations, including a majority of the Fortune 100 and almost half of the Fortune 500. **Learn more about how HCLSoftware can help you achieve your goals at <https://www.hcl-software.com/>.**

### Core Benefits of Domino+

#### Secure, AI-Powered Productivity

Integrate AI capabilities directly within your secure Domino environment to automate tasks, unlock insights from your data, and boost efficiency without compromising security or data sovereignty.

#### Trusted Security

Rely on a platform with robust, certified security features, including advanced authentication, full encryption, and granular access controls to protect your sensitive data and simplify IT management.

#### Sovereign Collaboration

Maintain complete control over your data with an on-premises or private cloud-hosted collaboration suite, encompassing applications, mail, chat, and meetings, mitigating risks and ensuring digital independence.
